

“VELIKO CHASSIS GREASE” is a grease specially suited for lubrication of chassis. It is formulated using calcium soap. It provides excellent water resistance and anti-rust properties.

TESTING SPECIFICATION

Colour	Greenish Black
Structure	Smooth
Soap Type	Calcium
Base Oil Viscosity at 100 °C	10-14
Penetration @ 25c 60x	280-310
Drop Point °C Min	90
Weld Load kg Ip239	180
Rust Test ASTM D 1743	Pass
