

VELIKO Wheel Bearing GREASE

VELIKO Wheel Bearing Grease is a Sodium soap grease formulated for lubrication of bearings, clutch release and joints. It has long service life and high stability.

TESTING SPECIFICATION

Colour	Dark Brown
Structure	Short Fibre
Soap Type	Sodium
Base Oil Viscosity at 100 °C	15-21
Penetration @ 25c 60x	220-250
Drop Point °C Min	180
Weld Load kg lp239	150
Rust Test ASTM D 1743	Pass
Wheel Bearing Test leakage gm.	8
